### ACCREDITATION AS A LEARNING INSTITUTION

Thank you for your submission, submitted on behalf of **BRC Solutions cc** for accreditation as a learning provider with the Insurance Sector Quality Authority (INSQA).

We are pleased to inform you that your application is hereby approved, subject to the following provisos:

- Your accreditation will be subject to the conditions contained in the *INSQA Accreditation Policy* and all related assessment and moderation procedures, which can be found on the INSETA website, [www.inseta.org.za](http://www.inseta.org.za).
- This approval is also subject to any other specific conditions which may be listed separately in the accreditation report. This will include ongoing monitoring and auditing of your organisation and learning and assessment programmes related to your specified scope of unit standards and/or qualifications.
- Your existing accreditation scope, as well as any extensions, will depend upon successful delivery against our Assessment and Moderation policy and procedures, and this will remain an ongoing condition to accreditation.
- INSETA reserves the right to conduct a site visit of your premises and delivery site/s at any stage during your accreditation.

Your accreditation details are officially recorded as:

**Name of Institution** : **BRC Solutions cc**  
**Accreditation Number** : **130223**  
**Accreditation Period** : **24 October 2012 – 24 October 2017**

Please note the period of accreditation is subject to the following provisos:

- The provider's accreditation end date is subject to applicable legislation governing the INSETA and the ETQA at any stage during the provider's accreditation period.
- Accreditation is also dependant on the currency of unit standards or qualifications that have been awarded to the provider.
- Should currently registered NQF qualifications expire or be replaced or repealed prior to the end date of the provider's accreditation cycle, the actual life of the expired qualification and the currency of the qualification will take precedence over the provider's accreditation period

We wish you every success in all of your future endeavours and look forward to a rewarding association.

Yours faithfully,

Unathi Jakalase  
ETQA Specialist Consultant
